

**Italy-Turin: Electrical fitting work
2023/S 026-076136**

Annex to the Qualification System – Public Utility Services

II.2.4) Description of the procurement

This notice concerns the construction works of photovoltaic solar plants (see Product Group LL01AA24).

II.3) Description of the works, services or supplies to be procured through the qualification system:

With this notice, aimed exclusively at Individual Legal Entities, Italgas, for its activities, and their subsidiaries and investees, is intended to draw up lists of qualified suppliers from which candidates may be selected for tenders for works, goods or services conducted by the above-mentioned individual entities or by Italgas.

Qualification as a Permanent Grouping of Companies requires the positive assessment of the individual suppliers associated and compliance with the provisions of Legislative Decree 50/2016.

Section III: Legal, economic, financial and technical information

III.1) Conditions for participation

Candidates can view all the conditions for taking part in the suppliers section of the Italgas portal by accessing the following link:

<https://www.italgas.it/en/suppliers/>

III.1.1) Qualification for the system:

Candidates must give an affirmative response to the following questions in the Qualification Questionnaire on the Italgas Purchasing Platform.

Candidates must therefore meet the following requirements:

- Technical requirements:

Have carried out works, subject to the Qualification System, in the last 5 years
Provide list with: customer, year, type of activity, description of the subcontracted activities, technical characteristics, amount, execution times

- HSEQ requirements:

- o ISO 9001 certification (Quality Management System)
- o ISO 14001 certification (Environmental Management System)
- o In the absence of a 14001 or EMAS certification, a statement declaring that procedures are in place for the identification, management and control of environmental aspects
- o ISO 45001 Certification (Health and Safety Management System)
- o In the absence of an ISO 45001 certification, a statement declaring that procedures are in place to manage and control occupational health and safety aspects.

Candidates must prove that they have an internal company quality management system, whether self-monitored or imposed by the parent, corporate and/or Group parent company. The scope of the certified management systems must be consistent with the activities envisaged in this qualification system.

III.1.9) Methods according to which each of those conditions will be verified

In order to access the qualification process for the Product Group covered by this qualification system, candidate suppliers must fulfil all the specific requirements (economic-financial, technical, HSEQ) listed above.

Evidence of fulfilment of the specific requirements (economic-financial, technical, HSEQ) is provided by answering and confirming the questions in the qualification questionnaire.
