

Italgas confirmed in the A list of Carbon Disclosure Project

Milano, February 6, 2024 – Italgas was confirmed for the second year in a row by CDP (Carbon Disclosure Project) in the “Climate A list” that groups sustainability leaders worldwide based on transparency and performance on climate change.

In 2023 CDP’s scored more than 21,000 companies worldwide investigating the topic of climate change, forests and water security. Nearly 400 of them achieved the ‘A-level’ of which 346 for climate change, 8 in Italy.

CDP assessment considers, through a proprietary questionnaire, the comprehensiveness of disclosure, awareness and management of environmental risks and demonstration of best practices associated with environmental leadership, including setting of ambitious targets. In 2023, over 740 financial institutions with over US\$136 trillion in assets requested companies to disclose data on environmental impacts, risks and opportunities through CDP’s platform.
