"Italgas S.p.A."

with registered offices at Via Carlo Bo no. 11, Milan, share
capital 1,003,227,568.76 euros, fully paid in, tax code and
Business Register of the Chamber of Commerce of Milan-Monza-
Brianza-Lodi no. 09540420966, registered in the Economic and
Administrative Register of Milan under no. 2097057
(hereinafter "**Italgas**" or the "**Company**"),
have hereby drawn up and sign, with regard to item 6 of the
agenda, the minutes of the meeting of the Board of Directors
of the aforementioned Company, held exclusively using

in accordance with the call notice referred to below, to

reproduced below.

Endorsing the request, I acknowledge that the aforementioned
Board meeting - which I am attending as the Notary at my
office in Milan, Via Agnello n. 18 - takes place as reported
below.

For the discussion of item 6 on the agenda, Ms Benedetta
Navarra (adequately identified), connected via video
conference, in her aforesaid capacity, pursuant to the company
Bylaws, chaired the meeting (as she chaired it earlier for the
previous items on the agenda) and, at 9.52 a.m., declared the
Board of Directors meeting open to discuss and resolve on the
following

agenda

(omissis)

**6. Bond Issues (EMTN Programme). Related and consequent
resolutions**

(omissis).

The Chairwoman has appointed me, the Notary, with regard to

the discussion of item 6 of the agenda, to draw up the minutes of the Board of Directors meeting, verifying and acknowledging that:

- the company Bylaws state that, under the conditions established by law, Board meetings may be held by means of telecommunications devices;

- the meeting had been called with a notice sent on 21 September 2023, through publication in the "Secure Area" to all entitled parties pursuant to article 15 of the Company Bylaws;

- the following attended the meeting:

- the Directors Mr Paolo Gallo, Mr Claudio De Marco, Ms Fabiola Mascardi, Mr Gianmarco Montanari, Mr Lorenzo Parola, Ms Manuela Sabbatini, Ms Maria Sferruzza, Mr Qinjing Shen; and
- the Statutory Auditors Ms Giulia Pusterla, Mr Maurizio Di Marcotullio, Ms Paola Maria Maiorana.

The Chairwoman then declares that the meeting is properly constituted and entitled to resolve, first and foremost, on item 6 of the agenda.

The Chairwoman moved on to debate the above and reminded those present that Art. 2410 of the Italian Civil Code grants to the administrative body - unless otherwise provided for in the Company Bylaws - power to issue non-convertible bonds. Furthermore, art. 2412 of the Italian Civil Code: (i) provides that bonds may be issued for a total sum that does not exceed double the share capital, legal reserve and available reserves as stated in the last financial statements approved; (ii) acknowledges that this limit may be exceeded if the bonds issued in excess are intended for subscription by professional investors subject to prudential supervision under special laws and (iii) provides (in subsection 5) that these limits do not apply to the issue of bonds destined to be listed on regulated markets or in multilateral trading facilities, or of bonds that give an entitlement to purchase or subscribe shares.

The Chairwoman therefore firstly reported that the authorization for the issue of non-convertible bonds ("**EMTN Programme**" or, hereinafter, only "**Programme**"), resolved by the Board of Directors of the Company on 18 October 2016 (as set out in the minutes of the same date reg.no. 13365/7015 of my index, registered at the Milan DP II Agenzia delle Entrate on 3 November 2016, no. 36790, series 1T), and subsequently renewed on 23 October 2017, 5 November 2018, 23 September 2019, 5 October 2020, 15 September 2021 and 15 September 2022, of the maximum total nominal amount of 6,500 million euros, will end on 26 October 2023.

The Chairwoman pointed out that under this EMTN Programme non-convertible bonds for total of nominal 4,981.326 million euros had been issued and were currently in circulation, all listed on the Luxembourg Stock Exchange, with the following characteristics:

(i) 750 million euros at a fixed rate, annual coupon of 1.625%, issue date 19 January 2017 and maturity date 19 January 2027;

(ii) 381.326 million euros at a fixed rate, annual coupon of 1.125%, issue date 14 March 2017 and maturity date 14 March 2024, remaining following the buy back for a total nominal amount of 169.055 million euros on 11 December 2019 and the buy back for a total nominal amount of 99.619 million euros on 16 February 2021 drawn from the original nominal figure of 650 million euros;

(iii) 500 million euros at a fixed rate, annual coupon of 1.625%, issue date 18 September 2017 and maturity date 18 January 2029;

(iv) 250 million euros at a fixed rate, annual coupon of 1.625%, issue date 30 January 2018 and maturity date 18 January 2029 (so-called "reopening" of the bond issue referred to in point (iii) above);

(v) 600 million euros at a fixed rate, annual coupon of 0.875%, issue date 24 July 2019 and maturity date 24 April 2030;

(vi) 500 million euros at a fixed rate, annual coupon of 1.000%, issue date 11 December 2019 and maturity date 11 December 2031;

(vii) 500 million euros at a fixed rate, annual coupon of 0.250%, issue date 24 June 2020 and maturity date 24 June 2025;

(viii) 500 million euros at a fixed rate, annual coupon of 0%, issue date 16 February 2021 and maturity date 16 February 2028;

(ix) 500 million euros at a fixed rate, annual coupon of 0.5%, issue date 16 February 2021 and maturity date 16 February 2033;

(x) 500 million euros at a fixed rate, annual coupon of 4.125%, issue date 8 June 2023 and maturity date 8 June 2032.

In order to address the Company's potential funding needs through the issue of bonds, the Chairwoman outlined the proposal to **renew the EMTN Programme**, confirming the maximum amount mentioned above of a nominal amount of 6,500 million euros, and to authorise the issue of one or more bonds intended for subscription exclusively by professional

investors subject to prudential supervision under special laws in accordance with the terms and arrangements of the Programme, it being understood that, if the bonds are not destined to be listed in one or more regulated markets, subsection two of art. 2412 of the Italian Civil Code shall apply.

In light of the foregoing, the Chairwoman therefore proposed the authorisation of the renewal of the EMTN Programme for the reasons stated above and, therefore, to authorise the issue of one or more non-convertible bonds, each to be issued in one or more tranches starting from the date on which the documentation is signed and within the period of one year from that date, for a maximum comprehensive value of the EMTN Programme of a nominal figure of 6,500 million euros, and therefore as of today, after the issues and buy backs carried out, and following the repayment of the bond in January 2022 upon maturity and following the new issue transaction in June 2023, for a maximum residual amount of nominal 1,518.674 million euros, which will be increased by the amount corresponding to any bonds reimbursed each time or bought back in the period indicated above.

All the bonds will be placed with professional investors subject to prudential supervision under special laws, in accordance with the terms and arrangements of the EMTN Programme, it being understood that, if the bonds are not destined to be listed in one or more regulated markets, subsection two of art. 2412 of the Italian Civil Code shall apply.

The bonds will be regulated by English law and could be, but do not necessarily have to be, listed on one or more regulated markets, in particular on the Luxembourg Stock Exchange, and likewise "private placements" may be carried out where deemed convenient.

The Chairwoman then summarised the characteristics of the operation:

- articulation: also in several issues, each divisible into one or more tranches;
- subscribers: professional investors subject to prudential supervision under special laws in accordance with the terms and arrangements of the Programme;
- duration: the duration of the single issues and tranches will be based on the market conditions in force at the time of issue and in any event no longer than 50 years, including the right of early redemption;
- issue currency: euros or other currency;

- units: a minimum of 100,000.00 (one hundred thousand point zero zero) euros, corresponding to the nominal value (or equivalent if in another currency);
- issue price: the issue price, which may be different for each single issue or tranche, will be set according to the overall yield offered to subscribers at the market conditions in force at the time of issue and in any event no less than 95% and no more than 105% of the nominal value of the bonds;
- interest rate: the interest rate, which may be different for each of the individual issues or tranches, must be fixed (Fixed Rate Notes), not exceeding 7.0%, or variable (Floating Rate Notes), not exceeding the reference rate (as defined in the Programme, by way of example only, among other things, the EURIBOR) increased by a margin aligned with the market conditions at the time of issue, without prejudice, however, to a maximum margin - where applicable - of 3.5%, or Sustainability-Linked Notes, which may be issued at a fixed or variable rate with a possible increase aligned with the market practices in force at the time, currently +0.25% in the event that the sustainability objectives stated in the Sustainability-Linked Bond Framework are not respected, selected for issue and indicated in the corresponding final conditions;
- applicable law: English law, except for the provisions governing the bondholders' meetings and the bondholders' representative, which are subject to the applicable rules of Italian law;
- listing: the bonds may, but must not necessarily, be listed on one or more regulated markets;
- redemption: in a single solution upon maturity or in several tranches of equal amounts, without prejudice to the issuer's right to proceed to early redemption with notice; all according to the terms and conditions contained in the bond itself;
- placement commissions: no more than 1% of the nominal value of the issues and in any event aligned with the market conditions in force at the time.

In reiterating that the final term for the issue of the bonds is one year from the signing date of the documents, the Chairwoman pointed out how, upon maturity, the EMTN Programme may be renewed, and in that case, the subsequent appropriate resolutions would again be submitted to the Board.

The Chairwoman recalled that there are no impediments for the issue of the non-convertible bond to which the day's proposal referred in the terms and limits set out above.

The Chairman of the Board of Statutory Auditors interjected and, on behalf of the whole Board of Statutory Auditors and pursuant to article 2412, subsection one, of the Italian Civil Code, attested that the proposed bond issue respects the limits set out in article 2412 of the Italian Civil Code, as the bonds will be placed with professional investors subject to prudential supervision under special laws in accordance with the terms and arrangements of the EMTN Programme, and, if the bonds are not destined to be listed in one or more regulated markets, subsection two of art. 2412 of the Italian Civil Code shall apply.

The Chairwoman submitted the following resolution proposals for the approval of the Board:

"Therefore, the Board of Directors:

- having noted the law on the subject of the issuance of bonds set out in articles 2410 and 2412 of the Italian Civil Code;*
- having noted the bonds currently in existence;*
