

Italgas: Acquisition of 47.9% of Acqua Campania from Veolia completed

Milan, April 24th - Italgas announces today that it has completed the acquisition of a 47.9% stake in Acqua Campania from Veolia Group.

Acqua Campania is currently the operator of the Western Campania Aqueduct under a concession from the Campania Region. It carries out activities of abstraction, purification, conveyance, and transportation of drinking water to water distribution companies, serving a total user base of approximately 4 million inhabitants.

With this transaction, Italgas Group now holds a total of 96.23% of Acqua Campania.
