In extraordinary session

1. Proposal for a free share capital increase, to be reserved for

employees of Italgas S.p.A. and/or Group companies, for a maximum nominal amount of Euro 6,200,000 in one or more tranches, through the assignment, pursuant to Article 2349 of the Italian Civil Code, of a corresponding amount withdrawn from retained earnings reserves, with the issue of no more than 5,000,000 ordinary shares. Amendment of Article 5 of the Articles of Association. Related and consequent resolutions.

In adhering to the request, I acknowledge that the report of the extraordinary part of the aforementioned meeting, which I notary attended in Turin, largo Regio Parco no. 9, without interruption, is as follows, since the ordinary part of the meeting is the subject of separate minutes.

I, the notary, therefore acknowledge the following.

At approximately thirteen minutes and twenty-five minutes, Mr. Paolo CIOCCA, after declaring that he would maintain the chairmanship of the meeting, already assumed, pursuant to article 11.2 of the Articles of Association, during the discussion of the ordinary session, which has just ended, and to regulate the conduct of the same, with the consent of the same meeting, invites the notary to draw up the minutes of the extraordinary session.

The Chairman announces that 1,564 shareholders have currently participated, in person or by proxy, for a total of 779,906,603 shares representing 76.737220% of the share capital with voting rights and therefore acknowledges that the Shareholders' Meeting is duly constituted and eligible to resolve on the items on the agenda also in extraordinary session.

The Chairman therefore recalls all the communications and statements already made at the opening of the ordinary part of the Shareholders' Meeting, which are reported below:

- that, on the occasion of today's Assembly, an electronic voting system was adopted through the use of Radiovoter®, aimed at reducing the duration of the counting operations; those present were provided with the information necessary for the correct use of the Radiovoter®, delivered at the time of registration, also through the transmission of a slide explaining how to vote through Radiovoter®;
- that accreditation to the shareholders' meeting takes place through the use of electronic equipment consisting of a remote control called Radiovoter®, which is associated with the identification data of the person entitled to attend and the number of voting rights he or she holds or represents by proxy;
- that the Radiovoter® is absolutely and strictly personal, that it must not be transferred to others, left unattended or otherwise, that its diligent custody is under the personal responsibility of any person entitled to intervene, that any loss must be promptly reported to the service personnel at the stations of the accreditation areas and that the Radiovoter® has the triple function of detecting:
 - the participation of the entitled party to attend the Shareholders' Meeting, recording both the number of votes in person entitled to

attend the meeting and the number of votes attributed to him or her by each delegating party,

- the legitimacy to book interventions,
- the legitimacy to vote,

in the manner referred to below;

- that entry, exit and any re-entry into the room where the meeting is held are carried out after passing through the workstations located at the entrance to the meeting room where the actual entry into the assembly premises will be recorded, the cessation of participation in the event of even temporary exit as well as the resumption of participation in the event of return;

- that those entitled present in the room will be asked to cast their vote using the appropriate Radiovoter® tools given to them at the time of registration;

- that, when asked to proceed with the vote, the entitled party or the delegate must cast their vote by pressing only one of the buttons on the Radiovoter®, marked respectively with the green color "IN FAVOR", red "AGAINST" or yellow "ABSTAIN" and immediately after the "OK" button; until the latter button is pressed, the voting intention can be changed by the interested party; the vote thus expressed will remain imprinted on the display until the end of each individual vote; once the "OK" button has been pressed, the vote thus expressed will be recorded;

- that those who do not cast any vote will be considered non-voters;

- that the vote may be cast within one minute of the beginning of each vote; after this deadline the vote will be declared closed;

- that the representatives of several shareholders or trust companies who intend to express differentiated voting within the scope of the proxies received must necessarily go to the assisted voting station;

- that, in compliance with the provisions in force, the notice of call of the Shareholders' Meeting was published, in full, on the Company's website on 20 March 2026 and, in extract, in the newspapers Il Sole 24 Ore and Financial Times on 21 March 2026, as well as disseminated in the other ways prescribed by the regulations in force and that the agenda is divided into the items set out above;

- that, in addition to the Chairman, the following directors are present: Paolo GALLO, Chief Executive Officer, Cecilia ANDREOLI, Costanza BIANCHINI, Alessandra FAELLA and Gianmarco MONTANARI, as well as the Standing Auditors Giulia PUSTERLA, Chairman of the Board of Statutory Auditors, and Eliana QUINTILI, while the Directors Fabio BARCHIESI, Erika FURLANI and Qijing SHEN and the Standing Auditor Maurizio DI MARCOTULLIO have justified their absence;

- that the share capital is € 1,258,157,892.44 (one billion, two hundred and fifty-eight million, one hundred and fifty-seven thousand, eight hundred and ninety-two point forty-four), divided into 1,016,334,191 (one billion, sixteen million, three hundred and

thirty-four thousand, one hundred and ninety-one) shares with no par value; each share entitles the holder to one vote in the ordinary and extraordinary shareholders' meetings of the Company; there are no classes of shares other than ordinary shares and as of today the Company does not hold treasury shares;

- that, pursuant to Article 13 of Regulation (EU) No. 679/2016 on the protection and free movement of personal data of natural persons, the personal data (name, surname, place of birth, residence and professional qualifications) of the participants in the Shareholders' Meeting have been and will be processed by Italgas S.p.A. – as Data Controller – in the forms and within the limits related to the obligations, the tasks and purposes provided for by current legislation, as specified in the information provided to the participants;

- that the list of names of the entitled participants, in person or by proxy, with an indication of the number of shares held by each and possibly of the delegating shareholder, is available to the shareholders' meeting and, supplemented by the names of those who, if any, attend later or leave before each vote, with an indication of the number of shares held by each, it will be attached to the minutes of the meeting; for each vote, the number of participants in the vote in person or by proxy will be communicated and the result will be proclaimed;

- that, as recommended by Consob, financial analysts, journalists and qualified experts are put in a position to follow the work of the shareholders' meeting;

- that Ms. Paola ROLLI and Ms. Alessandra CROGNALE are also present representing the Company's independent auditors, Deloitte & Touche S.p.A.;

- that the Attorney General Counsel is also present, and that the Chairman's Office has been established, pursuant to Article 5.2 of the Regulations of the Shareholders' Meetings of Italgas S.p.A., in which the Attorney Valentina PIACENTINI, Secretary of the Board of Directors, the Attorney Manuela FABRIZI, Head of Corporate Governance and Corporate Bodies, and the Attorneys Ilaria PICCINI and Stefano TAGNIN of the Corporate Affairs Function of Italgas S.p.A. have been established, also present in Turin, largo Regio Parco n. 9;

- that an audio-video recording system of the speeches is in operation in the room, for the sole purpose of facilitating the recording of the minutes and for subsequent dissemination on the Company's web channels;

- that, pursuant to Article 4.3 of the Regulations of the Shareholders' Meetings of Italgas S.p.A., recording instruments of any kind, with the exception of those mentioned, or photographic and similar devices may not be used in the premises where the Shareholders' Meeting is held;

- that a simultaneous translation service from Italian to English is provided (translation transmitters and headphones are available at

the reception);

- that, also pursuant to Article 7 of the aforementioned Regulations of the Shareholders' Meetings of Italgas S.p.A.:

- requests to speak may be submitted to the Bureau from the time of the constitution of the Assembly until the discussion has been declared open,

- as per the Shareholders' Meeting Regulations, the Chairman's Office sets the maximum duration of each speech at five minutes for each item, during the discussion that will take place jointly for all the items on the agenda of the ordinary session and then for the item on the agenda of the extraordinary session,

- voting will then take place separately for the various items on the agenda; in this way, all those entitled to attend and express their opinion are allowed to participate and express their opinion in a reasonable time and, also, to keep the duration of the assembly within appropriate limits out of respect for all those present,

- no replies are allowed and, after the end of the debate, only short-term explanations of vote are allowed, which is already indicated by the Presidency in two minutes of total duration available to the individual subject, subject to deciding at the time whether there were specific requests;

- that, in the event of the submission of amendments to the proposals made by the Council or in any case of proposals other than those formulated by the Council, the Council's proposal will first be put to the vote and, only if this proposal is rejected, the subsequent proposals will be put to the vote;

The Chairman informs that the shareholders Marco Geremia, Carlo BAVA and Carlo Maria BRAGHERO have registered to speak on the first and only item on the agenda of the extraordinary meeting, to whom I give the floor according to the order of registration.

Shareholder Marco Geremia Carlo BAVA

informs that he has worked for many years in Telecom and that he has adequate skills in the field of telecommunications and energy; points out that electricity and gas supplies coexist in all households without there being any fire problems, and disputes the claim that bringing electricity into a gas pipe can cause sparks, considering it sufficient to cover the pipes with fibre or graphene, at least as a first experiment;

maintains that Italgas' laboratories are able to carry out all the necessary experiments to test the use of pipelines for the transport of gas and energy;

with reference to the incentive plan subject to resolution, asks what the parameters of the assignment of shares are and whether it is envisaged that managers are entitled to more shares than employees;

maintains that everyone should be able to benefit from the allocation of shares in equal shares;

he believes that it would be an injustice to provide for large free assignments to those who already receive high salaries.

The shareholder Carlo Maria BRAGHERO renounces to intervene.

The Chairman then passes the floor to the CEO for answers.

CEO Paolo GALLO

specifies that there is talk of a co-investment plan;

refers to pages 6 and 7 of the Report on the remuneration policy and compensation paid, where the remuneration is explained;

points out that short-term objectives are envisaged for executives with variable remuneration depending on the results achieved;

specifies that part of this variable remuneration is not paid immediately in cash, but assigned in the form of shares subject to

a vesting period of 3 years;
it specifies, therefore, that the co-investment plan under discussion provides for the issuance of an amount of shares with a vesting period of 3 years and therefore concerns the period 2026-2028;
Finally, it points out that the co-investment plan mainly concerns executives and recalls that last year's shareholders' meeting approved a widespread share ownership plan to which approximately 70% of employees adhered and from which managers with strategic responsibilities were excluded.

The Chairman took the floor again and then asked if there were any requests from shareholders to make explanations of vote on the item on the agenda of the extraordinary part of the Shareholders' Meeting, recalling that no replies are allowed and only statements of 2 minutes of total duration are allowed.

He then gives the floor to the shareholder Marco Geremia Carlo BAVA.

Shareholder Marco Geremia Carlo BAVA

declares that it abstains as it considers that it is a plan that does not leave an alternative choice to beneficiaries;

argues that the proposed mechanism links part of remuneration to incentives and to the performance of share values, noting that the latter does not always reflect the value of the Company;

Referring to the large adherence of employees to last year's share ownership plan, he believes that employees had no alternative when faced with the proposal to receive, for example, 1,000 euros in cash and 1,000 euros in shares.

The President, no one else asking for the floor, declared the debate closed and asked me, notary, to proceed with the voting operations on the only item on the agenda of the extraordinary session.

I, a notary, proceed with the voting operations.

I put to the vote through Radiovoter® the proposal for a resolution of the Board of Directors on item 1) on the agenda of the extraordinary part of the shareholders' meeting.

I invite those present not to be absent during the voting operations.

I ask those present to communicate, in accordance with the provisions of the law, the regulations in force and the statute, the existence of any situations of lack of legitimacy to vote or exclusion from voting.

I hereby inform you that at the moment there are 1,564 shareholders in person or by proxy, for a total of 779,906,356 shares representing 76.737196% of the share capital with voting rights.

Once the voting is over, I announce the results of the vote:

votes in favour n. 762.198.306

17,708,047 votes against

abstentions n. 3

non-voting n. 0.

The Chairman then ascertains that the proposal for a resolution of the Board of Directors relating to item 1) of the agenda of the

extraordinary session of the shareholders' meeting is approved by a majority.

Those who voted in favour, voted against, abstained or did not vote, with the number of their respective shares, are highlighted in the list of participants in the meeting (Annex "**C**").

Since there is nothing else on the agenda to be resolved, the Chairman thanks the Chief Executive Officer, all the Directors, the Statutory Auditors and all the staff of the Company who have made it possible to achieve the results illustrated in this Shareholders' Meeting and declares the Shareholders' Meeting dissolved at approximately thirteen and forty-six minutes.

The following are attached to these minutes to make them an integral and substantial part, subject to the dispensation of reading them:

- under letter "**A**" the explanatory report of the Board of Directors on the first item on the agenda of the extraordinary meeting,
 - under letter "**B**" the updated articles of association,
 - under the letter "**C**", the list of names of the participants in the Shareholders' Meeting, in person or by proxy, with an indication of the number of their respective shares, which shows, for each vote, those who voted in favour, voted against, abstained or did not vote.
- And at the request that I have drawn up this report, which is signed by me, the notary, at about nineteen minutes and thirty minutes.

The present minutes consist of six sheets written, by persons of my trust, for twenty-two whole pages and as for the twenty-third so far.
