

**Italy-Turin: Subsidiary works for gas distribution
2026-OJS094-00336928**

**Annex to the Qualification System
Product Category LL04AG02 Maintenance of methane gas distribution networks**

Section I: Procedure (2.1)

This annex to the notice in question concerns the maintenance of methane gas distribution networks and systems . The activities covered by the contract concern ordinary and extraordinary maintenance, emergency intervention, new connections, repairs following leaks also through the use of interception systems, replacement and installation of reduction units.

Section II: Purpose (2.1.1)

With this notice, addressed exclusively to Individual Legal Entities, Italgas, for its activities and their subsidiaries and affiliates, proposes to compile lists of qualified suppliers, from which candidates may be selected for tenders for works conducted by the individual parties indicated above or by Italgas.
The qualification of the Permanent Groupings requires the positive assessment of the individual associated suppliers and must comply with the provisions of the Procurement Code.

Section III: Legal, Economic, Financial and Technical Information

III.1) Conditions of participation

The candidate can view all the conditions of participation on the Italgas portal, suppliers section, by accessing the following link:

<https://www.italgas.it/partner/fornitori/bandi-avvisi/sistemi-qualifica/>
