

**Italy-Turin: Subsidiary works for gas distribution
2026-OJS094-00336928**

**Annex to the Qualification System
Product Category LL04AG10 Design, construction and management of desalination plants**

Section I: Procedure (2.1)

This notice concerns the design, supply, construction, testing and management of seawater desalination plants.

Section II: Purpose (2.1.1)

With this notice, addressed exclusively to Individual Legal Entities, Italgas, for its activities and their subsidiaries and affiliates, proposes to compile lists of qualified suppliers, from which candidates may be selected for tenders for works conducted by the individual parties indicated above or by Italgas. The qualification of the Permanent Groupings requires the positive assessment of the individual associated suppliers and must comply with the provisions of the Procurement Code.

Section III: Legal, Economic, Financial and Technical Information

III.1) Conditions of participation

The candidate can view all the conditions of participation on the Italgas portal, suppliers section, by accessing the following link:
<https://www.italgas.it/partner/fornitori/bandi-avvisi/sistemi-qualifica/>

III.1.1) System Qualification:

The candidate must answer positively to the following questions in the Qualification questionnaire on the Italgas Purchasing platform.

The candidate must, therefore, comply with the following requirements:

- Economic and financial requirements:

Have an average turnover of €15,000,000 in the last 3 years.
--

- Technical requirements:

Have designed, supplied, built, tested and managed at least one seawater desalination plant with an installed capacity of at least 35,000 cubic meters/day each in the last 10 years <u>and/or have built fixed systems in 360 l/min containers</u>

Provide list with: customer, year, contract type (direct or in RTI), description of activities, quantity, amount, execution time
--

- HSEQ requirements:

- o ISO 9001 Certification (Quality Management System)
- o ISO 14001 Certification (Environmental Management System)
- o ISO 45001 Certification (Health and Safety Management System)

o In the absence of 14001 or EMAS Certification, you certify that you have procedures for the management, identification, management and control of environmental aspects

o In the absence of ISO 45001 Certification, it is certified that it has procedures for the management and control of the health and safety aspects of workers.

The candidate must demonstrate that he/she has an internal company quality management system, whether it is self-controlled or imposed by the parent company, corporate and/or parent company. The scope of the certified management systems shall be consistent with the activities provided for in this qualification system.

III.1.2) Verification methods for each condition

In order to access the qualification process of the Goods Group covered by this qualification system, the candidate supplier must prepare all the specific requirements (economic-financial, technical, HSEQ) listed above.

Evidence of the possession of the specific requirements (economic-financial, technical, HSEQ) is provided by filling in and confirming the questions of the qualification questionnaire.
