

**Italy-Turin: Public services
2026-OJS127-00460968**

**Annex to the Qualification System
Product Category SS06AA40 Maintenance and operation of heating and air
conditioning systems**

Section I: Procedure (2.1)

This annex to the notice in question concerns Maintenance and operation services for heating and air conditioning systems.

Section II: Purpose (2.1.1)

With this notice, addressed exclusively to Individual Legal Entities, Italgas, for its activities and their subsidiaries and affiliates, aims to compile lists of qualified suppliers, from which candidates may be selected for tenders for works, goods or services conducted by the individual parties indicated above or by Italgas. The qualification of the Permanent Groupings requires the positive assessment of the individual associated suppliers and must comply with the provisions of the Procurement Code.

Section III: Legal, Economic, Financial and Technical Information

III.1) Conditions of participation

The candidate can view all the conditions of participation on the Italgas portal, suppliers section, by accessing the following link:

<https://www.italgas.it/partner/fornitori/bandi-avvisi/sistemi-qualifica/>

III.1.1) System Qualification:

The candidate must answer positively to the following questions in the Qualification questionnaire on the Italgas Purchasing platform.

The candidate must, therefore, comply with the following requirements:

- Technical requirements:

Have a qualification pursuant to Decree no. 37 of 22 January 2008 letter C, for the maintenance and operation of heating, air conditioning, air conditioning and refrigeration systems, including the evacuation of combustion products and condensation and ventilation and ventilation of the premises
--

Have qualified and adequately trained personnel to operate in ATEX classified areas, in compliance with current legislation and the activities covered by the service

Provide copies of the certificates of education, training and/or any qualifications of the personnel employed in the execution of the activities
--

Have equipment suitable for carrying out the checks and activities required by the service and subjected to regular calibration/maintenance

III.1.2) Verification methods for each condition

In order to access the qualification process of the Goods Group subject to this qualification system, the candidate supplier must meet all the specific requirements (economic-financial, technical, HSEQ) listed above.

Evidence of the possession of the specific requirements (economic-financial, technical, HSEQ) is provided by filling in and confirming the questions of the qualification questionnaire.
